'The Bible teaches us', Russ Parker writes, 'that blessing is a unique ministry resource gifted to believers to effect the purposes of God in peoples' lives.'

In this enthralling book, the author tells of situations of family estrangement, depression and chronic illness; of times of hopelessness and helplessness where miraculous transformation has been wrought through calling on God to bless someone with the richest blessing they are able to receive.

As he has travelled the country teaching on the ministry of blessing, Russ has seen an enthusiastic response and uptake, especially amongst those involved in prayer ministry. He believes it is time for all who want to be part of God's renewal – both in church and through reaching out to the wider community – to consider how we might help others to flourish as the people God has called them to be.

The Revd Dr Russ Parker was Director of Acorn Christian Healing Foundation from 1995-2013. The author of many books, he has a post-graduate degree in Dreams and Psychotherapy from Nottingham University and was awarded a Doctor of Divinity degree from Columbia Evangelical Seminary in the USA in recognition of his outstanding contribution to Christian ministry. He and his wife live near Farnham, Surrey.
